REMARKS

Reconsideration and allowance of this application are respectfully requested in view of the above amendment and the discussion below.

The outstanding Patent Office Action contains an objection to the Drawings and the Specification in Items 1 and 2. In response to these objections, Applicants have amended the specification to eliminate the objected to language and the cancellation of the claims obviates the requirements for the addition to the drawings.

Claim 2 was objected to with respect to the term "date" and claims 1-10 were rejected under 35 U.S.C. §112, second paragraph, for the reasons indicated at Item 4. In response to this objection and the rejection, Applicants have cancelled claims 1-10 and added new claims 11-29 which meet the requirements of 35 U.S.C. §112 and which particularly address the objections in the original claims 1-10.
